Mr. John E. Pickett
Delaware County Planning Department
201 W. Front Street
Media, PA 19063

Dear Mr. Pickett:

Thank you for your recent letter regarding the re-establishment of Route 13 round-trip trolley service between Yeadon and the Darby Transportation Center.

We will review our previous work plan and capital cost estimate to make necessary repairs to the track and infrastructure to enable the provision of round-trip service between Yeadon and Darby. Other options which would provide similar routing feasibility will also be evaluated. In addition, we will calculate the estimated operating expense change and potential revenue generation for this improvement. Implementation of either option would be contingent on the availability of capital funding. We will contact you to review this information when complete.

Thank you for your interest in this matter. We look forward to working with you on this potential service improvement.

Sincerely,

Faye L. M. Moore
General Manager
